### TO BE AT CHICAGO.

#### Borah Says That City Decided on For Headquarters.

Chicago, June 22.—Senator Borah of Idaho is here. He attended the conference at Cincinnati with Secretary Taft and Congressman Sherman. Chicago according to the senator, will be

WILLIAM E. BORAH.

the campaign headquarters for the Republican party, and he says that it may be the place of operations for the national executive committee.

#### Joke May Cause Death.

Mt. Carmel, Ill., June 22.—With skull fractured twice, cheek broken, face and body beaten and internal injuries Editor Ora F. Havell of Havell's Every Morning may survive effects of the attack made on him by Dode Bedell, liverman, who took Havell by surprise as he was passing along with his arms full of papers, and struck him with a brick, knocked him down as he attempted to draw his revolver and jumped on and beat and stamped him until dragged off. The attack was the result of the publication of a joke in Havell's paper.

#### Plot For Negro Monument.

Washington, June 22.—Secretary Taft has directed the quartermaster general of the army to reserve a suitable plot of ground at the Arlington national cemetery as a site for a monument in special honor of negro soldiers who lost their lives in the civil war. The Colored Soldiers' Monument association, which petitioned for this action, is collecting funds with which it is proposed to erect the monument.

### MAY NOT ATTEND.

#### Friends of Bailey Fear Health Will Prevent.

New York, June 22.—Friends of Senator Bailey think it doubtful if he be able to take any active part in the Denver convention and it may be he will not be able to even attend. This statement is made in view of dispatches from Chicago which represented that the subcommittee of the Democratic national committee has been considering Senator Bailey for chairman of the committee on resolutions. The senator is still in bed at the Waldorf-Astoria and it will be at least a week or ten days before he can leave his room.

#### SIX LEPERS CURED.

#### Remarkable and Encouraging Medical Report to Be Presented.

New Orleans, June 22.—A remarkable medical report touching on the curing of leprosy will be presented to the Louisiana assembly probably this week by the leper home of the state of Louisiana.

In this report appears the words: "Discharged cured—one."

Practically well and kept for observation—five."

Briefly explained, the meaning of these figures is that out of sixty-one lepers at the Louisiana institution in the past two years, six six have been practically cured. The figures are from the biennial report of the leper home, where for over thirteen years this state has provided a place for lepers to receive comforts and skilled medical care which are not as a rule within the reach of such sufferers.

The fact of the significance of this report is it is not submitted to the assembly as indicating that any specific cure for leprosy has been discovered. It is simply a statement of the results which have been obtained from giving lepers the same sanitary surroundings the average person enjoys and equal opportunity to receive first class medical treatment.

#### LEGISLATOR LOSES LIFE.

#### Dr. G. W. Jones Killed in a Railroad Accident.

New Orleans, June 22.—In a wreck Monday on the Red River Valley railroad one man was killed and a dozen or more severely injured.

Dr. G. W. Jones, Denham Springs, La., member of the house of representatives, was killed.

Seriously injured are: Lewis L. Morgan, member of the house of representatives, St. Tammany's parish; Joe Rodgers, New Orleans, conductor Red River Valley railroad; John Lobdell, French settlement.

The wrecked was caused by a freight train attempting to cross in advance of a passenger train, of the Baton Rouge and Hammond road.

### PERSONS DIE IN WATER.

#### Intense Heat on Sunday Resulted in Driving Thousands to Seek Breezes Along the Beaches and the Fatalities Then Occurred.

New York, June 22.—Eleven deaths by drowning were recorded at New York and vicinity during Sunday. The intense heat drove thousands to the beaches to seek relief either in or on the water.

John Milton lost his life in rescuing three men who were capsized in a light boat in the East river.

Frank Kriz broke his neck diving in the East river Young Men's Christian association pool.

August Sundman, captain of a New York steam lighter, fell from a ladder into North river and drowned.

Robert Roper and Joseph Bizzanzo went down while bathing in Harlem river.

George Williamson succumbed to cramps at North Beach.

Frank Denour met a similar fate at Sheepshead Bay.

Chester Hart and John Gangai sank in a bathing pool near Trenton, N. J.

An unknown man drowned in North river and an unknown boy in Lake Hopatcong, N. J.

#### Anti-American Circular.

Manila, June 22.—An inflammatory anti-American circular has been issued here anonymously and distributed. It bears the cabalistic signs of the old Katipunan society and denounces Americans, saying they brought tyranny instead of liberty and their purpose is to rob and enslave the Filipinos. It calls them shameless, dishonest, drunken thieves, attacks the morality of American women and accuses the government of graft.

Pending open revolution, it urges a campaign involving the assassination of invading Americans, burning of homes and killing of animals. It concludes with the wish for "long life to the Filipinos" and "death to the Americans."

#### Some Sentenced, Others Acquitted.

St. Petersburg, June 22.—Sentences were handed down in the cases of participants in the Jewish massacre of 1905 at Bialystok, when eleven Christians and seventy-three Jews were killed and twenty-three Christians and eighty Jews were wounded. One prisoner was sentenced to three years' penal servitude, thirteen others to from six months to one year's imprisonment and fifteen acquitted.

#### Both Drown.

Salisbury, N. C., June 22.—J. S. Bryant, a prominent pharmacist, and Thomas Littleton, twenty-one years old, drowned while swimming near here. Bryant was seized with cramps while in water twenty-five feet deep and Littleton swam to his rescue, but was carried down by Bryant.

#### Great Trade Improvement.

Pittsburg, June 22.—There is great improvement in trade conditions here. American Sheet and Tin Plate company, employing 2,000, has resumed full time. Sharon Steel Hoop company and National Malleable Castings company will resume this week. Steel men say inside a month 10,000 men idle since November will be working.

#### All Fined Same Sum.

New York, June 22.—Twenty-four companies manufacturing Manila wrapping paper were fined \$1,000 each by Judge Hough in the United States circuit court. They pleaded guilty to maintaining an illegal combination in restraint of trade. They are members of the Manila and Fibre association.

#### Aided by Woman.

Youngstown, O., June 22.—Through the assistance of a woman, who posed as the wife of one of the men and smuggled them saws, four prisoners made their escape from jail. The woman has also disappeared.

#### Secretary Appointed.

Oyster Bay, June 22.—President Roosevelt has appointed John C. O'Laughlin of Washington as secretary to the American commission to the exposition at Tokio in 1912. The salary will be \$5,000 a year.

#### Two Deaths, Seven Prostrations.

Chicago, June 22.—Two deaths and seven prostrations were reported at Chicago up to noon Monday from heat, which prevailed with but slight diminution for twenty-four hours.

#### Call On Friday.

Oyster Bay, June 22.—Secretary Taft and General Luke E. Wright will call on the president Friday.

#### Fuchow Inundated.

Fuchow, China, June 22.—Fu river rose twenty feet, inundating this city. Many casualties and much damage resulted.

#### Spontaneous Combustion.

Newport, R. I., June 22.—Chemical explosion in torpedo laboratory at naval training station did \$3,000 damage.

**SOME HISTORICAL DISCOVERIES.**  
Spokane, Wash., June 22.—While sinking a 3000 foot well for oil on a farm near Lenox, Wash., 30 miles south of Spokane, workmen operating a heavy drill encountered pebbles and wood at depths of 560 and 585 feet. The wood is in a fair state of preservation, though it has the appearance of having been charred by fire. With it and the pebbles was a substance resembling beeswax. The pieces will be sent to Washington State college at Pullman for examination. Waldo G. Paine, who is custodian of a \$25,000 fund contributed by business men of this city in the search for oil, says it is the belief of the prospectors that the drill has encountered what was once a forest, leveled by the force of a mighty river in the remote past, when the country tributary to Spokane, was turned over by a tremendous seismic disturbance. The drill which struck the wood recently dropped 58 feet in less than three seconds and was followed by a rush of water. These recent discoveries confirm the geological theory that the earth's crust in part of the country, probably to a depth of 2,000 feet, has been built up through the ages of successive eruptions of lava from great fissures in the earth and that the thick covering of basaltic ash was laid by the winds following the eruptions.

**BAPTIST YOUNG PEOPLE.**  
A business meeting of the B. Y. P. U. will be held at the First Baptist church tonight at 8 o'clock. All the members are requested to attend.

Engineers T. R. Batte, Roger Nall and George Chance completed the work of surveying the overflowed district along the west side of the Brazos in Burleson county Saturday night. A map will be prepared containing the territory surveyed and will be presented with the petition to the Commissioners court of that county. The location of the proposed levee and place of action by the planters of this district has been published in the Eagle heretofore.

## JNO. C. VICK MILLING FEED, GRAIN

The reason home ground meal is giving such satisfaction to all who have tried it is corn is classified into four reductions, viz: Corn starch, corn flour, bolted meal, and bran. Corn starch and corn flour is the nutritious part of the grain which is extracted. Bolted meal is the flint part. Home ground meal you get it all and get it fresh. We make our own chops from best shelled corn in car lots. The advantage in freshness and purity is obvious without further comment.

Bring your corn and have it ground into chops or meal, and let me sell you feed stuff.

### CHATHAM-WILLIAMSON.

When Mr. Ralph K. Chatham boarded the northbound Central train Saturday night he refused to tell The Eagle reporter where he was going but he looked guilty and his whole manner was distraught. Such conduct is so uncommon with him that it excited suspicion and suspicion led to investigation, which developed the fact that he was off for Garland to consummate a marriage contract in which Miss George Williamson of St. Louis, Mo., is the party of the second part.

Mr. Chatham is junior of the popular gents' furnishing goods firm of Hunter & Chatham, having succeeded Mr. Will S. Thomas as a partner several years ago. He was born and grew to manhood in Bryan and has hosts of friends.

The bride, though a resident of St. Louis, was for two or three seasons the head of the millinery department of Wagner & Brandon, now A. J. Wagner & Co. of this city, and has many friends here who will gladly welcome her for her own sake as well as in her new capacity as wife of one of our leading merchants.

The bride and groom arrived this morning at 2:40 and are at home with Mrs. R. K. Chatham Sr.

More than five hundred managers of Chicago's places of amusement, including theaters, concert halls, nickel shows and public amusement parks, recently received circular letters of warning from State Factory Inspector Edgar T. Davies as his first step in a crusade against the employment of children in these places. Parents are also to be held to account by the chief inspector when it is found they permit the children to work in these places when they are under sixteen years of age.

For Constable Precinct No. 4:  
C. L. BAKER (re-election).

BRYAN, TEXAS, JUNE 23, 1908.

It is reported that Col. Dick Wynne and Governor Campbell had some hot words over some things said by the governor in his speech at Terrell. Oil and water don't mix.

"The world doesn't know one billionth part of the things there are to learn," says Thos. A. Edison; but there are some school boys who don't see it that way.

Charles A. Wash is in Texas trying to organize Hearst clubs. It isn't likely that he can do any harm and the money he spends will help some.

Tom Lawson offers to raise a million for the Democrats on condition that he name the candidates. Pierpont Morgan would, doubtless, pay more on the same condition.

The American people made a mistake when they elected Andrew Jackson's man Friday, Martin Van Buren. They will make another mistake if they elect Theodore Roosevelt's man Friday—one Taft. But the American people are wiser now than they were in 1836.

#### FARMERS' UNION POSTPONED.

The Brazos County Farmers' Union, which was to have been held at Leonard school house, southwest of Bryan, on July 9th and 10th, has been postponed until the 10th and 11th, owing to the meeting of the Farmers' Congress, which will be held on July 7, 8, and 9. The president, Mr. I. M. Cook, urges the farmers to attend the congress, believing that everyone will be benefited that does so. He also desires to see a full meeting at the Union on the 10th and 11th.

M. J. Denman is a candidate for congress in the 15th district against Congressman John N. Gainer. He wants to solve the race question by sending the negroes to the Philippines.

The knocker is offensively obnoxious, but does less harm than the quitter. The man who accepts an obligation for the public good and fails to make good on the firing line is a quitter.

The scholastic census returns are not all in yet, but if the estimate of the number of school children be correct, the per capita will be \$6.50. The people of Texas have no ground for complaint of the administration of the educational department. There are thousands of people in Texas who receive in the education of their children more than they pay in taxes.

In anticipation of Bryan's nomination, the city of Lincoln is building a trolley line over the three miles between the city and Mr. Bryan's country home at Fairview. Accommodations will be provided for newspaper men in a cottage on the Fairview grounds, with telegraph facilities and all necessary conveniences. With more than two hundred votes above the necessary two-thirds, Mr. Bryan's friends have no doubt of his nomination.

The staff correspondent of the Galveston News makes some estimates of the expense of the A. & M. College investigation, as follows: "From a purely mercenary standpoint, the expense of the investigation to the State has been quite large. The record alone will total well up toward the \$750 mark, while the expenses of witnesses, the cost of prolonging the boarding feature in the mess hall here, railroad fares for board members and others will probably put the final expense about the \$1,500 mark. Others have been put to an expense, however. Dr. Harrington himself has undergone expense in connection with the report and the employment of counsel, while the Alumni association has had to bear the expense of an attorney and will pay about \$160 for a copy of the record. It is estimated that the entire expense of the investigation to all parties concerned will be about \$2,500.

## WE FILL PRESCRIPTIONS CAREFULLY

You have to depend on the druggist almost as much as on the Doctor.

The best doctor's efforts are set at naught if his prescriptions are not carefully, accurately filled.

We know how important the filling of prescriptions is—how much it means to you and to the patient. We fill prescriptions right. We compound them from the best grade, purest drugs—the only kind we keep in the store—and our re-checking system eliminates possibility of mistakes.

#### DR. FRILEY IN BRYAN.

The Sunday Eagle mentioned that Dr. Friley of Huntsville had arrived to visit his daughter, Mrs. J. Webb Howell. When the hour for service arrived Sunday morning, the congregation at the First Baptist church was surprised, but not dissatisfied, to see him again in his old familiar place in the pulpit; they were expecting Dr. Weaver to preach, but he failed to arrive in time on account of missing connection at Hearne.

Dr. Friley read for the scripture, lesson the story of the sinful woman who washed the feet of Jesus with her tears and wiped them with her hair. The subject of the sermon was "At the feet of Jesus," where are found humility, peace, comfort, knowledge and other gifts of the spirit and graces of the Christian character. The discourse was embellished with illustrations drawn from scripture, from history and from personal experience, some of which were related with such tender pathos that the emotions of those sympathetically inclined were deeply stirred.

Dr. Friley's four years pastorate of this church is still bearing fruit in the hearts and lives of many of the people of Bryan, who will love him while the years go rolling on.

#### DR. M. E. WEAVER.

Rev. M. E. Weaver, D. D., pastor of the First Baptist church of Marshall, was announced to preach at the First Baptist church in this city yesterday, but failed to arrive in time for the morning service on account of the trains missing connection at Hearne. He arrived in the afternoon, however, and preached at the evening service.

On account of the showers, which fell at intervals through the day, and continued into the night, the congregation was small, many being of the opinion that there would be no evening service. Those who went, however, were well repaid in the message delivered by Dr. Weaver. His subject was, "Witnessing for Christ." It was an able, scholarly and practical discourse, and made a strong impression on all who heard it.

While in the city, Dr. Weaver paid a visit to Texas Woman's College and expressed himself as very well pleased with that institution and with what he saw of Bryan, in spite of the unfavorable circumstances. It is a matter of regret that he could not remain longer, but business connected with his pastoral duties made it necessary for him to return without delay.

#### ROBBED OF \$350.00.

H. B. Steele Relieved of Money—Conlee Got Him

On the twelfth day of June Mr. H. B. Steele of Steel's Store, well known to everybody in Bryan, was the victim of robbery, having stolen from him the sum of \$350.00 in cash money. The case, however, was not reported to the officers until last Friday. Deputy Sheriff Conlee went down into the bottom Sunday and worked on the case all day, late in the afternoon instructing Powell Harvey to bring in yesterday a negro, Monk Sanders, who is charged with the theft.

Bail was granted Sanders at \$250. The examining trial will be held today week, Tuesday June 30th.

Misses Lucile and Aline DeMaret and Seth DeMaret have returned from a visit to Galveston.

Mrs. A. J. Searcy and Miss Hattie Searcy have returned from a visit to Hempstead.

Miss Dollie Hobson has returned to Dallas after a pleasant visit to Mrs. Ed Hall.

Mrs. J. W. Doremus is visiting in Calvert.

#### SCHOOL BOARD MEETING

C. E. Jenkins Awarded Contract—Miss Stoddard Resigned.

Regular meeting of the school board was held yesterday afternoon with all members present.

Superintendent Lawson's annual report of the work the past year was read and adopted.

Bids which have been received for the work of remodeling the east side school were opened and the contract awarded to Contractor C. E. Jenkins. The building will be put in good condition including a coat of plastering, the total amount aggregating something like \$3000.

The usual committees were appointed for the coming year on Finance, Building and Grounds and By-Laws and Regulations.

Supt. Lawson recommended the adding of another grade which will be done, a committee being appointed to make the necessary changes, etc. This change will do away with the graduating class the coming year.

It was also recommended and is under advisement to abolish seventeen as the age limit, leaving the scholastic age on that side unlimited, anyone over seven years will be eligible as a free student.

Miss Stoddard resigned her position as teacher and will accept a position in the public schools of San Antonio. Miss Stoddard's successor has not been appointed.

All the colored teachers were re-elected excepting two.

#### BARBECUE AND DANCE.

Joe Kopecky and other citizens on Clayton Prairie in the bottom gave a barbecue and dance last night at the hall for the benefit of the new school building which they are now trying to erect. A large crowd from Bryan was present and enjoyed the evening.

### BASHFUL MATTHEWS.

Four Times Has He Failed to Assume the Role of Bridegroom.

Jerseyville, Ill., June 22.—For the fourth time Daniel Matthews, twenty-four years old, "the most bashful man in Illinois," Sunday night failed to materialize for a marriage ceremony. For an hour and a half Rev. J. H. Jones and 150 guests waited at the church, but Matthews came not. Miss Mary Frazier is the young lady.

Later Daniel said he wanted to be married more than anything else on earth; that he really intended to face the altar, but that something, he does not know what, prevented him from getting there.

Miss Frazier admitted she was willing to give the bashful one another chance.

The first time Matthews promised to be before the minister was two years ago, when he was to marry Mrs. Mary Miller at Rosedale, Jersey county. He failed her.

A week later he again was led to the altar in Rosedale to marry the same lady. He ran away and took the first train out of Rosedale for Jerseyville.

The next time Daniel went to the post for the race on matrimony was Sunday, June 7, when he was to have been married to Miss Frazier. He bolted before the barrier was sprung and stayed away until his bashfulness died out.

Then he again took up his wooing and all went well until her anger appeared. Miss Frazier consented to try it again Sunday night.

**Lorenzo Dow Baker Passes Away.**

Boston, June 22.—Captain Lorenzo Dow Baker, a pioneer in the tropical fruit trade, and founder of the United Fruit company, died suddenly of heart failure at the Parker House Sunday night. He had been in poor health for two weeks. He was sixty-eight years old. He was prominent in the management of the Cuba Fruit company, president of the Cape Cod Steamship company and president of the Wheelwright Oyster company.

**Taft Will Visit Several Cities.**

Fort Worth, June 22.—Commissioner Davidson and other delegates to the Republican national convention returned from Chicago Monday satisfied with results. Davidson declares Secretary Taft promised Cecil Lyon he would surely visit Texas this summer and that his route is partly mapped out. The presidential candidate will stop at Fort Worth, Dallas, San Antonio and Beaumont.

**One Fare For Round Trip.**

Austin, June 22.—At a conference of passenger agents and chief clerks of leading railroads of the state with Adjutant General Newton an agreement was reached whereby all Texas troops of the Texas National guard are to be transported to Leon Springs for joint maneuvers, July 2 to 11, at rate of one fare for round trip. The state wanted a rate of 1 cent per mile, but the roads would not accede to this.

**Headed For Border.**

**Premiums and Losses.**

Austin, June 22.—Insurance Commissioner Love gave out a statement showing premiums received, losses paid and the ratio of losses paid to premiums received by various kinds of insurance companies doing business in Texas in 1907. The statement shows ratio of losses paid to premiums received as follows: Accident and health, 59 per cent; liability, 44.7; fidelity and surety, 17.1; plate glass, 43.6; steam boiler, 3.1; burglary and theft, 13; credit, 22.2; livestock, 3.6 per cent.

**Seventeen Death Sentences.**

St. Petersburg, June 22.—Seventeen death sentences were pronounced Sunday in Russia.

### NOTES FROM THE LABOR WORLD

The annual convention of the Trades and Labor Congress of Canada will be held at Halifax in September.

Employees in the postal service of Great Britain are getting an all around increase of wages, amounting to \$5,000,000 a year.

At Cedar Rapids, Iowa, the contract obtained on the government building provides for union labor in the construction of the building.

The Bakers' Union of San Francisco has appointed a committee to prepare a recommendation to the international convention that is to meet in October to erect a home for aged and disabled members of the organization.

In Austria, when an unemployed wage-earner cannot obtain work, he registers at a government labor bureau and he is supplied with food for himself and family by the government until employment is found for him.

The national joint arbitration board of the Granite Cutters' Employers' association and the Granite Cutters' union has adjusted all the points in dispute at Quincy, Mass., and there can be no strikes nor lockouts for the next three years.

Recent advices from Christiania are to the effect that strikes, lockouts and labor conflicts are numerous in Norway at the present time. The lumber, building, woolen and leather industries are particularly affected.

The Diamond Workers' Union, of Antwerp, by a vote of 5,001 to 390, decided on complete cessation of work. The decision affected 10,000 men in the polishing and allied trades. When work is resumed the union intends to ask higher wages for its members.

The first notice of labor unions was when Plutarch wrote of various craft guilds as having existed in the Rome and Greek dominions. From Rome the idea was passed on to the young nations that followed, and in the middle ages the guilds were to be found everywhere.
